Adopted by the Montgomery County Democratic Central Committee, May 12, 1982

The following list indicates the services which will be made available by the Montgomery County Democratic Central Committee to all Democratic Primary Election candidates and the conditions which must be met to obtain those services:

....

4. Duplicating of general material may be done in the MCDCC office provided clean copy is submitted. Use of the electronic stencil and mimeograph machines will be made available on the same cost basis as to Democratic Clubs and precinct officials on an “as time allows” basis (after regular MCDCC work). Schedule of charges on reverse side.²

Adopted by the Montgomery County Democratic Central Committee, August 7, 1985

¹ On October 21, 1970, the Montgomery County Democratic Central Committee adopted a schedule of fees for the use of mimeograph paper, stencils, the mimeograph machine, and the folding machine. This policy has been omitted because the Central Committee no longer has a mimeograph machine or a folding machine.

² The schedule set out charges for mimeograph reproducing, labels, piggy-back items, precinct lists, and *News and Notes*. The rates for mimeographing have been omitted as the Central Committee no longer has a mimeograph machine. The rates for labels was superseded by section 3 of the Policy Regarding Release of Data adopted by the Central Committee, May 12, 1998. The provision on piggy-back items provides that, “Flyers for piggy-back in regular Central Committee mailings must be cleared in advance with the Central Committee of other Central Committee officer. There is a charge of 1 cent per copy, PLUS 4 hours of volunteer time preparing the mailing.” The rates for precinct lists was superseded by sections 1 and 2 of the Policy Regarding Release of Data adopted by the Central Committee, May 12, 1998. The rates for *News and Notes* (now *The Montgomery Democrat*) were also been superseded by the advertising policy adopted by the Central Committee on May 13, 1997, and amended December 14, 1999.
